Wristband and Thermal Label System

Lightweight polyester wristbands are combined with a synthetic thermal label for patient comfort and durability. The synthetic thermal label, with tamper-evident security slits, permanently bonds to the white surface of the wristband and withstands fluid penetration providing reliable first time scan grades.

- Ideal for barcoding
- Lightweight wristband is superior for patient comfort
- Durable – Alcohol, soap and water-resistant
- Tamperproof clasp closure
- Label features tamper-evident security slits
- Cost-effective
- Supports text, barcodes and graphics
- Latex and phthalate-free
- Can be used with In-A-Snap® alert clasps
