FOR IMMEDIATE RELEASE

GSA awards contract to The St. John Companies

Valencia, CA – February 13, 2009 - GSA (US General Services Administration) awarded a 5 year contract to The St. John Companies for disposable medical products. The agreement is effective 12-01-08 through 11-30-2013 and will provide GSA’s acute care facilities, as well as other GSA members and affiliates direct access to special pre-negotiated terms for St. John Companies’ complete line of disposable medical products such as patient identification wristbands, labels, skin markers and X-Ray disposable cassette covers.

Jodi Claus, the Director of Business Development, in response to the new GSA contract, stated, “We are excited to begin the new year focusing on developing our relationship with GSA contracted facilities, including the VA, Department of Defense and Indian Affairs. Expanding our relationship will be my primary focus in 2009.”

The St. John Companies, Inc., an established leader in patient identification products for the healthcare industry, was founded in 1965 with its invention of the Spee-D-Date™ x-ray date label. St. John has since become one of the top manufacturers and distributors of labels, medical imaging, medical records and patient ID products to U.S. hospitals and alternate care facilities. With over 50,000 labels for healthcare and a complete line of stock and custom medical records products and x-ray supplies, St. John customers benefit from consolidating their purchases for these products and enjoy the ability to simplify their consumable product ordering processes. This unique “one-stop shop” has enabled The St. John Companies to earn the business of over 80% of all U.S. Hospitals and thousands of alternate sites.

For more information regarding the GSA contract with the St. John Companies, contact Jodi Claus at 800-435-4242 ext. 450.
